- Technical Specification Analysis

- System & Unit Testing
- Acceptance Testing
- Regression Testing
- Load Testing

- Tracking, Logging & Reporting
- Program Logic & Optimization
- Software Architecture Technologies
- Issue Identification

Professional Experience

ABC COMPANY — Sometown, NJ
JUNIOR QA TESTER, 6/2016 to Present

Perform system, unit, acceptance, regression, load and functional/performance testing on dozens of applications using both automated and manual testing methods. Validate, verify, communicate and resolve software issues through careful, thoroughly documented testing to maximize return on investment (ROI) for IT initiatives.

Contributions:

- **Identified, documented and reported bugs,** errors, interoperability flaws and other issues within proprietary software applications developed for ABC Company's global user base.

- **Demonstrated methodical, detail-oriented and thorough approach** to all assignments while adhering to compressed timelines. Complete all assignments on or ahead of schedule.

- **Consistently recognized for excellent problem-solving and analytical skills** by programmers, project managers and supervisors.

- **Worked collaboratively with QA, development and business groups** to complete comprehensive testing on 2 major new releases.

"…Despite her junior status, Darla is one of the leaders on my QA team…Many programmers personally request Darla for their QA efforts due to her technical knowledge and ability to complete jobs quickly and accurately…" — **Performance Review Excerpts, ABC Company**
