SUMMARY

Enthusiastic and results-driven Senior Java Developer with over 10 years of experience in designing and developing robust web applications. Skilled in Java, J2EE, and RESTful web services, with a proven track record of delivering high-quality software solutions. Strong analytical thinking and problem-solving abilities, combined with effective collaboration skills, enable me to tackle complex technical challenges. Proficient in Agile methodologies and experienced in working with JIRA, WIKI, and Bitbucket. I am excited to contribute to a fast-paced, iterative development environment and make a significant impact in delivering cutting-edge software solutions.

EXPERIENCE

Senior Java Developer
Tech Solutions Inc

2022 - Ongoing
New York, NY

Designed and developed scalable web applications using Java, J2EE, and RESTful web services.
- Developed backend systems that handled over 1 million daily transactions resulting in a 20% increase in efficiency.
- Built and optimized SQL queries for large databases, reducing response time by 30%.
- Collaborated with the development team, project managers, and engineers to deliver high-quality software solutions on time and within budget.

Lead Java Developer
Innovation Technologies

2017 - 2022
San Francisco, CA

Led a team of developers in the creation of a cutting-edge e-commerce platform using Java and Spring Framework.
- Designed and implemented RESTful APIs that increased overall system performance by 25%.
- Optimized database schema and queries resulting in a 40% reduction in query execution time.
- Mentored junior developers and conducted code reviews to ensure high-quality code standards.

Software Engineer
Digital Solutions Ltd

2015 - 2017
Boston, MA

Developed enterprise software solutions using Java, J2EE, and Oracle PL/SQL.
- Collaborated with cross-functional teams to gather requirements, prioritize tasks, and deliver software solutions.
- Implemented database optimization techniques resulting in a 50% decrease in response time.
- Designed and developed web services for seamless integration with external systems.

MY LIFE PHILOSOPHY

The best preparation for tomorrow is doing your best today.

STRENGTHS

✏️ **Effective Collaboration**
Collaborated with cross-functional teams to identify and address technical challenges resulting in timely delivery of high-quality software solutions.

💡 **Analytical Thinking**
Utilized analytical thinking to identify and resolve complex technical issues, resulting in improved system performance and efficiency.

SKILLS

Java · J2EE · C# · Design Patterns · Web Services · SQL · PL/SQL · Azure · IIB · Agile · JIRA · WIKI · Bitbucket
